The Rectangle, Razor and Tear Drop Flying Banner Displays flutter in the breeze to attract attention with their movement. They work well for displaying company logos and presenting messages indoors and outdoors.

- * Carbon composite fiber poles, superb flexibility to prevent breaking
- * Reinforced banner pole pockets withstand stronger breezes
- * Printed front-correct and back-reverse on Mirrored Fabric using a direct dye sublimation printing process
- * Select Spike Base or Cross Base with Water Ballast (other bases are available upon request & additional charge)
